Overall Length:

10.500 inches

Overall Width:

2.000 inches

Material Thickness:

0.020 inches

Product Name:

Strap

Aircraft Location:

Fwd engine shroud nacelle

Aircraft Mission Design Series:

A-10 thunderbolt

Special Features:

Corrosion resistant steel-all dimensions are true unless otherwise specified

Material:

Steel

Material Specification:

5059 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400

Mil-std (military Standard):

spec.
