**Overall Length:**

29.000 inches

**Overall Width:**

14.000 inches

**Thickness:**

5.000 inches

**End Application:**

F-22 raptor

**Aircraft Location:**

Louver-aft, inlet bypass

**Aircraft Mission Design Series:**

F-22 raptor acft

**Special Features:**

C/o louver, bearing, bushings; t851 alum plate; dim. Are stocksize matl

**Material:**

Aluminum alloy 2124

**Material Specification:**

Ams4101 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11700
