**End Application:**

A=10a thunderbolt

**Product Name:**

Ballistic spperssion

**Aircraft Station Number:**

Fs365.000 to fs524.300

**Aircraft Mission Design Series:**

A-10a

**Special Features:**

Material to be ballistic foam thermarest ax5052, densi type 2.5 lbs; ft 3; the fibers of the fiberglass reinforcements in foam blocks are permitted to protrude completed part

**Functional Description:**

Ballistic foam

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11700
