Overall Length:

12.500 inches

Overall Height:

4.500 inches

Overall Width:

2.000 inches

End Application:

A-10 acft

Product Name:

Void filler

Aircraft Location:

Void filler instl-lwr fuslg

Aircraft Station Number:

Fs365 to fs405

Aircraft Mission Design Series:

A-10 aircraft

Special Features:

Used on 160d217005-1; ballistic thermarest foam ax5052; dims are stocksize matl; nha 160d211000

Material:

Plastic

Material Specification:

Avco specification -10462 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
