**Cross Sectional Shape:**

Flat w/open center

**Hole Diameter:**

0.250 inches and 0.254 inches

**Body Thickness:**

0.200 inches

**Securing Device Type:**

Threaded fastener

**Mounting Opening Shape Style:**

Unthreaded hole

**End Application:**

A-10a thunderbolt ii

**Product Name:**

Door center spar

**Special Features:**

Matl qq-a-250/24b al aly 7075-t7651; precision forging, die part number 160d611310-11; dim are stock matl

**Material:**

Aluminum alloy 7075

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A531h0
