**Overall Length:**

3.000 inches

**Overall Width:**

2.000 inches

**Material Thickness:**

0.050 inches

**End Application:**

F-16 acft

**Product Name:**

Stiffener

**Aircraft Location:**

Housing, tail hook well

**Aircraft Station Number:**

Fs462.94 to 479.09

**Aircraft Mission Design Series:**

F-16 acft

**Special Features:**

Nha 16b5102; dim. Are stocksize matl

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-250/4 t3 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
