Overall Length:

3.000 inches

Overall Width:

2.000 inches

Material Thickness:

0.050 inches

End Application:

F-16 acft

Product Name:

Stiffener

Aircraft Location:

Housing, tail hook well

Aircraft Station Number:

Fs462.94 to 479.09

Aircraft Mission Design Series:

F-16 acft

Special Features:

Nha 16b5102; dim. Are stocksize matl

Material:

Aluminum alloy

Material Specification:

Qq-a-250/4 t3 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
