Overall Width:

1.160 inches

Material Thickness:

0.050 inches

End Application:

Bracket and shims canopy 1 and 2 f/a-18c

Product Name:

Filler

Aircraft Location:

Canopy 1 and 2 place

Aircraft Mission Design Series:

F/a-18c hornet

Special Features:

0.255 center hole used for f/a-18c cum 268 supporting service bulletin 74sb2893

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13 cond t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
