Overall Length:

8.000 inches

Overall Width:

3.000 inches

Material Thickness:

2.000 inches

End Application:

F-22 raptor acft

Aircraft Location:

Fuel-fwd f2 tank

Aircraft Mission Design Series:

F-22 raptor acft

Special Features:

T851; dim. Are stocksize matl; c/o (-201 bracket) , 4 nuts, 8 rivets

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-225/6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
