Overall Length:

26.150 inches

Overall Width:

1.850 inches

Material Thickness:

0.705 inches

Product Name:

Beam-slider

Aircraft Location:

Thrust reverser-tf39 engine

Aircraft Mission Design Series:

C-5

Material:

Steel comp 430

Material Specification:

Ams5629 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
