Overall Length:

5.450 inches

End Application:

Cf-18 aircraft storage system, fuel, internal

Hole Quantity:

4

Product Name:

Support assembly, fuel lines, tank no. 4

Special Features:

Support assembly having 0.221 to 0.227 inches diameter mounting holes positioned 1.960 inches center to center across width and 3.330 inches center to center across height

Height:

4.400 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
