Fabrication Method:

Composite

Product Name:

Ramp, upper

Aircraft Location:

Leading edge horn wing

Aircraft Mission Design Series:

B-1b

Material:

Glass fiber and plastic epoxy

Material Specification:

Sto130lb0d1d type i mfr ref all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11500
