Overall Length:

1.000 inches

Overall Width:

1.000 inches

Material Thickness:

0.063 inches

End Application:

F-16 acft

Product Name:

Radius block

Aircraft Location:

Cover, access-hor actuator instl

Aircraft Mission Design Series:

F-16 acft

Special Features:

Matl. Is stocksize; opposite -15; next assembly -16b6597-818

Material Specification:

Qq-a-250/4-t81 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
