**Overall Length:**

1.000 inches

**Overall Width:**

1.000 inches

**Material Thickness:**

0.063 inches

**End Application:**

F-16 acft

**Product Name:**

Radius block

**Aircraft Location:**

Cover, access-horiz actuator, instal

**Aircraft Mission Design Series:**

F-16 acft

**Special Features:**

Dim. Are stocksize; opposite -18; next assembly 16b6597-817

**Material Specification:**

Qq-a-250/4-t81 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
