Overall Length:

8.500 inches

Overall Width:

6.250 inches

Material Thickness:

0.032 inches

End Application:

H-1h mod

Side For Which Designed:

Right side

Product Name:

Bracket rh

Aircraft Location:

Hinge instl. Nose door

Aircraft Mission Design Series:

H-1h mod helicopter

Special Features:

Dim. Are stocksize matl; used on 212-030-081-2, -16; 26; al aly temp 0; cond t6

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
