**Overall Length:**

15.100 inches

**Overall Width:**

7.400 inches

**Material Thickness:**

0.050 inches

**Aircraft Location:**

Frame

**Aircraft Station Number:**

Fs322.5

**Aircraft Mission Design Series:**

B-52h acft

**Special Features:**

C/o web, bearing plate, lock plate, stiffener, bolts, shim, nut, washer; clad sheet; temp 0, t3, t4; heat treat t4; finish f-2.115

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-362 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
