End Application:

F-16

Product Name:

Bracket

Aircraft Location:

Stiffener-engine access door

Aircraft Station Number:

Fs345 to fs389

Aircraft Mission Design Series:

F-16 acft

Special Features:

Verify ht-tr per ndts 1500; stock size .7; next assembly 16b6557

Material:

Aluminum alloy

Material Specification:

K10a42t3511 national specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
