Overall Length:

65.000 inches

Overall Width:

19.000 inches

Material Thickness:

0.090 inches

End Application:

F-16 acft

Product Name:

Web

Aircraft Location:

Lwr centerline

Aircraft Station Number:

Fs279 to fs341

Aircraft Mission Design Series:

F-16 acft

Special Features:

Next assembly 16b5400; dim. Are stocksize matl

Material:

Aluminum alloy

Material Specification:

Fms-3022-t81 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
