Overall Length:

3.300 inches

Overall Width:

1.100 inches

Material Thickness:

0.100 inches

End Application:

Chinook helicopter

Product Name:

Doubler

Aircraft Mission Design Series:

Chinook mk3

Special Features:

Al clad; dim. Are stocksize matl

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A11400
