Cross Sectional Shape:

Flat w/open center

Width:

2.740 inches

Edge Shape:

Oval, multi holes

Length:

7.970 inches

Hole Quantity Along Length:

0

Hole Quantity Along Width:

0

Body Thickness:

0.330 inches

End Application:

E-3a acft

Special Features:

Includes two 0.250 in. Dia. Drain holes

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 t4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531m0
