Overall Length:

2.750 inches

Overall Width:

2.500 inches

Material Thickness:

0.050 inches

End Application:

T-38 acft

Product Name:

Angle

Aircraft Location:

Former

Aircraft Station Number:

Fs464.50

Aircraft Mission Design Series:

T-38a

Special Features:

Sheet alclad

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13-0 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
