Overall Length:

25.500 inches

Overall Width:

12.000 inches

Material Thickness:

0.050 inches

End Application:

T-38a acft

Product Name:

Former

Aircraft Location:

Fuselage

Aircraft Station Number:

Fs464.50

Aircraft Mission Design Series:

T-38a

Special Features:

Alclad sheet; c/o 1 former, 4 rivet, 2 nutplate

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13-0 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
