Overall Length:

40.000 inches

Overall Width:

7.000 inches

Material Thickness:

0.040 inches

End Application:

T-38 acft

Product Name:

Former

Aircraft Location:

Fuselage

Aircraft Station Number:

Fs464.500

Aircraft Mission Design Series:

T-38a

Special Features:

Al7075-0 alclad sht; nha 6-11700

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
