Overall Length:

2.520 inches

Overall Width:

2.500 inches

End Application:

B-1b acft

Hole Quantity:

03

Product Name:

Bracket support assembly-pad

Aircraft Location:

Support fuselage

Aircraft Mission Design Series:

B-1b

Material:

Nickel alloy 718

Material Specification:

Ams5596 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
