**Overall Length:**

5.700 inches

**Overall Width:**

2.500 inches

**Material Thickness:**

0.071 inches

**End Application:**

T-38 acft

**Product Name:**

Angle

**Aircraft Location:**

Former

**Aircraft Station Number:**

Fs471.5

**Aircraft Mission Design Series:**

T-38

**Special Features:**

Alclad sht

**Material:**

Aluminum alloy 7075

**Material Specification:**

Qq-a-250/13 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
