Overall Length:

4.000 inches

Overall Width:

2.000 inches

Material Thickness:

0.040 inches

Product Name:

Bracket

Aircraft Location:

Shield instl, heat-internal

Aircraft Station Number:

Fs446.10 to fs479.55

Special Features:

Opposite -166; ndts 1500

Material:

Aluminum

Material Specification:

Qq-a-250/4-t81 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
