**Overall Length:**

16.000 inches

**Overall Width:**

13.500 inches

**Material Thickness:**

0.050 inches

**Aircraft Location:**

Te center panel

**Aircraft Mission Design Series:**

A-10a

**Special Features:**

Nha 160d611511-203; heat treat to t6

**Material:**

Aluminum alloy 7075

**Material Specification:**

Qq-a-250/13 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
