**End Application:**

Leading edge-upper assembly of

**Product Name:**

Tee

**Special Features:**

Heat treat t3511

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-2024 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11500
