Overall Length:

7.000 inches

Overall Width:

7.000 inches

Material Thickness:

1.500 inches

Aircraft Location:

Fin assembly

Aircraft Mission Design Series:

C-130h

Special Features:

Export controlled

Material:

Aluminum alloy 6061

Material Specification:

Ams-qq-a-250/11 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800

Mil-std (military Standard):

spec.
