Overall Length:

3.300 inches

Overall Width:

1.500 inches

Material Thickness:

0.250 inches

Product Name:

Repair doubler horizontal stabilizer

Aircraft Location:

Horizontal stabilizer torque box

Aircraft Mission Design Series:

F-15a/b

Special Features:

Heat treat t851

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
