Material Thickness:

0.050 inches

End Application:

C-130e tank pylon

Product Name:

Stiffener

Aircraft Location:

Side panel support, tank pylon (tabulated)

Aircraft Mission Design Series:

C-130 acft

Special Features:

Nha 388085-1, u/o c130e; stock size 4x4 noted, heat treat none

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
