Material Thickness:

0.050 inches

End Application:

Side panel support, tank pylon (tabulated)

Product Name:

Stiffener

Aircraft Location:

Side panel support

Aircraft Mission Design Series:

C-130 acft

Special Features:

U/o c-130e; stocksize 4x4 noted; nha 388085-1

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
