**Material Thickness:**

0.050 inches

**End Application:**

Box beam-tank pylon

**Product Name:**

Filler

**Aircraft Location:**

Center section assembly of

**Aircraft Mission Design Series:**

C-130e aircraft

**Special Features:**

T3 clad; u/o c-130e; stocksize 2x2

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/5 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
