Overall Length:

2.000 inches

Overall Width:

1.500 inches

Material Thickness:

0.050 inches

Product Name:

Angle

Aircraft Location:

Wedge, pivoting underwing fairing

Aircraft Mission Design Series:

B1-b acft

Special Features:

-065 opp -066; angle, qq-a-250/5 al clad sheet alloy 2024-0

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
