Overall Length:

19.980 inches

Overall Width:

4.480 inches

Thickness:

0.150 inches

End Application:

B1-bacft

Product Name:

Panel

Special Features:

The shorter sid has width of 3.880 inches (nom)

Material:

Aluminum alloy 2024

Material Specification:

Ams-qq-250/4 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
