Overall Length:

4.500 inches

Overall Width:

16.000 inches

Thickness:

0.050 inches

End Application:

Door instl-ADF antenna and gun

Product Name:

Skin-strap-fairing assembly

Aircraft Location:

Door ADF antenna and gun

Aircraft Station Number:

Sta 174.93 and sta 186.72

Aircraft Mission Design Series:

A-10 acft

Special Features:

E/O this document creates a -36 assembly that contains the -43, -61 and -135. Remove 4 tabs; at sta 174.93 and 2 at sta 186.72

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/A

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
