Overall Length:

2.700 inches

Overall Width:

12.800 inches

Material Thickness:

0.063 inches

End Application:

B-52 aircraft

Product Name:

Stiffener-angle

Aircraft Location:

Frame

Aircraft Station Number:

Station 338.5

Aircraft Mission Design Series:

B-52

Special Features:

Opp -1

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-287 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
