Overall Length:

3.700 inches

Overall Width:

2.300 inches

Material Thickness:

0.040 inches

End Application:

Kc-135 aircraft

Aircraft Location:

Hydraulic section 26

Aircraft Mission Design Series:

Kc-135 acft

Special Features:

Dimensions are stocksized

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
