Overall Length:

59.5 inches

Overall Width:

28.3 inches

Material Thickness:

0.080 inches

End Application:

A10

Criticality Code Justification:

Feat

Product Name:

Former, fwd, lower, aft nacelle

Aircraft Station Number:

2103

Aircraft Mission Design Series:

A10

Special Features:

Form, fit, function

Material:

Aluminum

Material Specification:

Qq-a-250/13 federal specification all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
