End Application:

Ah-64d

Product Name:

Standoff assembly

Aircraft Location:

Lower inboard engine nose gearbox fairing

Aircraft Mission Design Series:

Ah-64d

Special Features:

The assembly consists of bracket lower inboard-engine nose gearbox fairing q type 1, receptacle assembly floating two lug q type 1, rivet solid, countersunk 100 degrees q type 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
