Overall Width:

2.50 inches

Material Thickness:

0.190 inches

Hole Quantity:

4

Special Features:

Heat treat to t42 conditioning iaw ams 2770; for lug strut attachment

Material:

Aluminum alloy 2024

Material Specification:

Ams-qq-a-250/4 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
