**Overall Length:**

6.00 inches

**Overall Width:**

1.35 inches

**Material Thickness:**

0.125 inches

**End Application:**

C130lcs

**Product Name:**

Plate, structural, ai

**Special Features:**

Lower reinforce plate assembly

**Material:**

Aluminum alloy 6061

**Material Specification:**

Qq-a250/11 or equivalent assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
