**Overall Length:**

3.000 inches

**Overall Width:**

1.000 inches

**Material Thickness:**

0.090 inches

**End Application:**

Ah-64

**Product Name:**

Doubler

**Aircraft Location:**

Mount assembly, c1

**Aircraft Mission Design Series:**

Ah-64

**Material:**

Aluminum alloy 6061

**Material Specification:**

Ams-qq-a-250/11 tg federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
