Overall Length:

14.700 inches

Overall Width:

13.200 inches

Material Thickness:

0.042 inches

End Application:

Ah-1z

Product Name:

Fairing, aircraft, jackpoint

Aircraft Mission Design Series:

Ah-1z

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11500
