Overall Length:

26.00 inches

Overall Width:

7.00 inches

Material Thickness:

0.050 inches

End Application:

C130 various

Product Name:

Frame-oil cooler duct

Aircraft Location:

Fuselage

Aircraft Station Number:

Sta: 456.33

Aircraft Mission Design Series:

C130 b

Special Features:

Nha: 362535-1

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 cond t3 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
