Overall Length:

6.00 inches

Overall Width:

4.00 inches

Material Thickness:

0.04 inches

End Application:

Ah-64d

Product Name:

Doubler, aft, lh avionics bay

Aircraft Mission Design Series:

Ah-64d

Material:

Aluminum alloy 2024

Material Specification:

81348-ams-qq-a250/4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
