End Application:

B-52 acft

Product Name:

Bracket

Aircraft Mission Design Series:

B52

Special Features:

Bracket; mating details-aft wheel well; next higher assembly 520-18822

Material:

Aluminum alloy 7075

Material Specification:

Ams-qq-a-200/11 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
