End Application:

E-2c aircraft

Aircraft Location:

Power plant, nacelle-side cowl

Aircraft Mission Design Series:

E-2c

Special Features:

Cage 59u82 northrop grumman is the oem

Material:

Aluminum alloy 2024 and steel comp 4130

Material Specification:

Qq-a-250/5 federal specification single material response and mil-s-18729 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400

Mil-std (military Standard):

Mil-s-18729 spec.
