## NSN 1560-01-651-1482

Aircraft Stiffener - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/1560-01-651-1482

Overall Length:
3.40 inches
Overall Width:
3.08 inches
Material Thickness:
0.156 inches
End Application:
Hh 60
Product Name:
Web, structural component, aircraft
Aircraft Location:
BI 34.5 beam
Aircraft Station Number:
BI 34.5 beam modification
Aircraft Mission Design Series:
Hh 60
Special Features:
B.L. 34.5 beam modifications; shim; next assembly 9527-0001; used on m
Material:
Aluminum alloy 7075
Material Specification:
Qq-a-250/12 assn standard single material response
Shelf Life:
N/a
Unit Of Measure:
<b></b>
Demilitarization:
Yes - demil/mli
Fiig:
A11400
