**Material Thickness:**

0.5 inches

**Product Name:**

Panel-instl assembly

**Special Features:**

Heat treat t4

**Material:**

Aluminum alloy 2024

**Material Specification:**

Aqq-a-250/4 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11500
